#### Recoup fuel costs with delivery surcharge option

Did you know that your Karmak business system can help offset rising fuel costs by adding a delivery/fuel surcharge to parts invoices? This option lets you to apply automatic delivery surcharges and specify whether the surcharge will be applied to the total for parts only or the pre-tax invoice total. Legend Version 5.8-1 or higher or INFO 5 Version 7.2 or higher is required. Refer to your documentation, or contact your Parts & Service support group for details on using this cost-saving feature.
